Peter Lang Ltd, United Kingdom, 2010. Hardback. Book Condition: New. 1st New edition. 236 x 158 mm. Language: English . Brand New Book. Nomination for Best Foreign Film at the 2013 Academy Awards In English and many other languages the name Kon-Tiki has become a byword for adventure and the exotic. The journey of the Kon-Tiki from Peru to Polynesia in 1947 became one of the founding myths of the postwar world. In the voyage of six Scandinavians and a parrot on a balsa raft across the Pacific Ocean the classic journey of discovery was re-invented for generations to come. Kon-Tiki spoke of heroism, masculinity, free-spirited rebellion against scientific dogmatism, and the promise of an attainable exotic world, while it updated these mythological staples to fit the times. After years of relentless media exploitation of the 101-day raft journey, Heyerdahl emerged as the protagonist in a legend that helped to create a new postwar West. A Hero for the Atomic Age tells the story of how Heyerdahl organized an expedition to sail a balsa raft from Callao in Peru to the Tuamotu Islands in French Polynesia, and explains how he turned this physical crossing into an epic narrative that became imbued with a universal appeal. The book also addresses, for the first time, the problematic nature of Heyerdahl's theory that a white culture-bearing race had initiated all the world's great civilizations.
