Reviews

I just started off reading this article pdf. It is probably the most remarkable ebook we have go through. It is extremely difficult to leave it before concluding, once you begin to read the book.

Crabtree Publishing Co, Canada, Canada, 1999. Paperback. Book Condition: New. 239 x 213 mm. Language: English . Brand New Book. The Science of Living Things series helps children understand that they are as connected to trees, rocks, and weather as the animals that live outdoors! This important series helps define the basic concept of life and investigates the incredible world of living things. Each book explores a basic scientific concept or animal using: -- easy-to-understand text -- clearly labeled diagrams -- exciting, full-color photographs. Amphibian means two lives since these animals spend the first part of their life underwater and the rest on land. From flying tree frogs to slithering caecilians, kids will be captivated by this slimy animal group in *What is an Amphibian?* Young readers will discover: -- the amphibian family tree -- an amphibian's body -- special skin and senses -- how they move and what they eat -- water-versus land-dwelling species -- their life cycle and parental care -- defending themselves.
