Condition: Neu. 229x152x28 mm. Neuware - Cannabis: Collected Clinical Papers Volume One: Marijuana: Medical Papers, 1839-1972 Tod H. Mikuriya, M.D. As a full-time research consultant at the N.I.M.H. Center of Narcotics and Drug Abuse Studies, Dr. Tod Mikuriya discovered just how much the English and American medical profession has known about cannabis for the past 130 years. Having access to priceless original documents, he has compiled this authoritative and fascinating collection of medical papers on marijuana. From 1839, when the herb was first introduced into the Western pharmacopoeia, to present research with THC, the anthology offers rich insights into the whole social history of medicine. The studies published herein convey a wide variety of critical information, ranging from laboratory tests performed on animals and human subjects, to anthropological descriptions of marijuana use by African women during labor. A number of unusual and seldom-seen illustrations--from pharmaceutical catalogues in the days when Parke Davis and others marketed legal marijuana as a cure for coughs and corns--are both instructive and entertaining. In the section of clinical and pharmacological studies, a deep look is taken at the range of therapeutic effects attributed to a plant which has...
