This book presents the reader with the opportunity to soul-search various possibilities and theories of existence. It combines theology, science, and noetics in order to provide a collection of facts and theories based on what we now know, and what many choose to believe. In today's world of harsh realities, many question believing in something which has no supporting evidence. The presumption being that science has disproven the possibility of spirituality and the existence of God. However, some of our greatest scientific minds have maintained that the evidence of God and our spirit is all around us and what science has revealed is the manner of his design. The universe seems limitless and yet the universe is contained within our existence and reality which could very well be more boundless and infinite. Compared to a spiritual realm the universe might be nothing but a minute construct. Perhaps the evidence of God and our own spirituality is so obviously present that we have allowed them to be hidden in plain sight as we search for more complex theories. As...
