Language: English Brand New Book ***** Print on Demand *****.Excerpt from *Sequentia Christiana or Elements of the Christian Religion* The object of this little work is to give a simple and concise account of the chief doctrines of the Catholic Religion in their natural and logical sequence. It is intended for the use of those who, like the Author, have had the happiness of being brought, by the special mercy of God, from the misery and danger of doubt to the fulness and Divine certainty of faith. It may also serve as a beacon-light to souls - and there are many who are struggling up steep and difficult paths to the Rock of safety and strength - the Ancient City of Refuge - the Catholic Church. Those also who are engaged in the charitable work of instructing converts and others unto justice may find it a serviceable kind of text-book on which to base their teaching. The writer does not attempt to prove what is stated by long arguments; he relies chiefly upon the innate reasonable force of the bare statement of truth itself, and upon that authority before which most of those for whom he is writing how - the Holy Scriptures. The quotations from the early Fathers, when not translated from the original text, are cited from trustworthy writers.
