Completed in 2010 and containing over one hundred brand new poems; Majestria is Mr. Windham's masterstroke. And with it he proves that his talent for and love of poetic device is far from exhausted. When asked which piece of Majestria he valued most, he had this to say: I consider these poems to be the fruits of the most trying years of my life. And I could no sooner choose a favorite among their numbers than most parents could among their own children. We couldn't agree more. This book is not the kind of read one soon forgets.
