Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.PYTHON: LEARN HOW TO WRITE CODES Your Perfect Step by Step Guide Python Book preview Even though there are several great tutorials in some Python web sites, in addition to many books, my emphasis will be on the practical features of the language, i.e. it won't go into the history of the language or the esoteric ways it can be used. Though it will help if you have programmed before, or at least can understand programming logic and program flow, I will try to make sure that things start out slow so you don't get confused. Here's the preview of which you'll learn from this book. 1. The main purpose of this book is to teach people how to program 2. Python just happens to be the language I have chosen to use. 3. It is a very friendly language which lets you learn how to program without getting in your way. 4. When people decide to learn programming, they want to jump into C, C++, or Java, while Python is the ultimate programming...
