Degree is also expressed by a symbol; thus, an angle of 45, means an angle of forty-five degrees. All lettering in working drawings should be carefully made with simple letters, such as are shown on page 65. Letters of the same style, but slanted from the vertical at an angle of twenty degrees, are also used with good effect. The problems which follow are to be worked out in order that you may acquire the geometric knowledge that is necessary in making working drawings and designs. Whenever it is possible, two methods will be given: one, the ordinary geometric method, requiring the use of the ruler and compasses; and the other, the more direct method which an architect or draughtsman would employ, using the T-square, the triangles, and the compasses. You are to work out these exercises in both ways,...
