

Educational Psychology: Concepts, Research and Challenges (Paperback)

By -

Taylor Francis Ltd, United Kingdom, 2011. Paperback. Book Condition: New. 232 x 156 mm. Language: English . Brand New Book. Research in educational psychology has had a huge impact in terms of enhancing understanding and challenging thinking about teachers and learners. Educational Psychology: Concepts, Research and Challenges brings together the latest research across many areas of educational psychology, introducing and reporting on the most effective methodologies for studying teachers and learners and providing overviews of current debates within the field. With chapters from international authors, this academic text reveals theoretical overviews and research findings from across the field including: * teaching and learning * research methods * motivation and instruction * curriculum - reading, writing, mathematics * cognition * special educational needs and behaviour management * sociocultural and socioemotional perspectives * assessment and evaluation. Educational psychology has historically had a focus on students with particular learning needs. This book provides a discussion about the gradual movement toward inclusion and the possibility of developing a more cohesive and potentially more effective education system for all students. It also provides recent research into effective behaviour management and presents specific and valuable techniques employed in applied behaviour analysis. The contributors also deliver analysis...

Reviews

Definitely one of the better ebook I have possibly read through. It usually will not charge excessive. You wont feel monotony at anytime of your own time (that's what catalogues are for regarding if you check with me).
